

Style Line™ Vinyl Windows & Doors

Clearly the best.™

Style Line™
Windows and Patio
Doors by Milgard
Look Good From
Every Angle.

A LIFETIME OF SATISFACTION
AND PEACE OF MIND.

We build our windows and doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business. That's why we back every properly installed window and door for as long as the homeowner owns their home – including materials and labor. This fully transferrable warranty applies to owner-occupied multi-family dwellings as well. Our Commercial warranty provides similar outstanding coverage for business applications. It's why you can be sure you won't find any windows better than Milgard. For complete warranty details visit milgard.com.

WHY MILGARD?

For over 45 years it's been our goal to be the best window company in the business. Today it still is. This dedication to quality and service has made Milgard one of the largest window and door manufacturers in the country.

A commitment to innovation has made us a leader in vinyl window technology. All Milgard products are designed and thoroughly tested for performance and dependability. For example, we use only premium vinyl compounds that reduce oxidation and fading, unlike vinyls that use substandard UV inhibitors.

We've also received *Builder* magazine's "Best Quality in the Nation" award six times and its national "Most Used Vinyl Window" award four times, as well as both *Professional Remodeler* magazine's and *Professional Builder* magazine's "Most Preferred Vinyl Window" awards for three years.

Why Style Line™?

- Slimmer frame profile for more contemporary look and maximum view
- Fusion-welded frame and sash (no staples or nails)
- Milgard SunCoat® Low-E insulating glass standard
- Milgard Positive Action Locking system (PAL™) for added security
- Available in white or tan in many operating styles
- Complementary Patio Doors

NATIONAL COVERAGE. LOCAL SERVICE.

Rather than having just one or two plants nationwide, we focus our manufacturing and service facilities near our customers. We have over a dozen manufacturing and service facilities throughout the nation, so we're typically within a three hour drive of our customers. That's coverage, and it's just one of the many ways we're different.

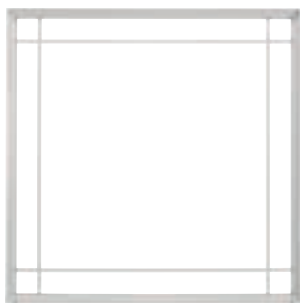

Not only do you get windows that are built near you for shorter lead and delivery times, you have one of the nation's largest window companies nearby to service your work long after you've completed the job.

Versatile at a Value. Style Line™ Gets the Job Done - No

CHOOSE YOUR WINDOW STYLE. MIX AND MATCH TO SUIT YOUR NEEDS. Windows below shown with optional grids. Check with your

GRID OPTIONS

With the right choices in grids, you can really make your windows and doors stand out. Your Milgard sales rep can help you choose grid options to complement your home plans. Above are just a few of many possible grid configurations.

5/8" FLAT GRID
Our narrower profile flat grid works equally well in traditional and contemporary homes.

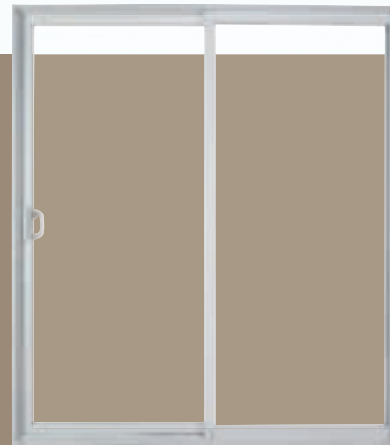

TUSCANY® SLIDING PATIO DOOR

Sliding Patio Doors

Windows are only the beginning. With Milgard patio doors, you can complete an entire job with the quality of Milgard. Our Style Line™ Series patio doors are made with the same attention to detail and commitment to quality found in every Milgard product. Your home will feel like new for a long time to come.

The Monticeto™ Series and Tuscany Series are the most popular for their stout construction and performance, easy operation and energy efficient design. The Style Line patio door features a more narrow frame that provides an excellent value. (Style Line Series patio doors not available at all locations.)

PATIO DOOR

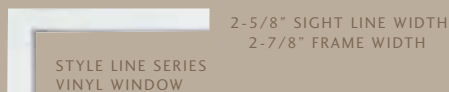

Matter What the Job.

Milgard's Style Line™ Series vinyl windows offer the low maintenance and energy efficiency of our Tuscany™ and Montecito™ vinyl series, but with a narrow profile for maximum glazing area. Perfect for when the view is everything. It's an elegant, cost-effective solution for production homes or multi-family projects. Also perfectly suited for replacement and remodel applications, Style Line is a great all-around solution for builders and homeowners alike.

Z-BAR™ APPLICATIONS

With our Z-Bar frame, replacing older aluminum windows with new Milgard vinyl windows is a snap. By using a portion of the existing window frame to secure your new window, our Z-Bar frames install quickly, creating a brand new look without costly stucco repairs.

CHOOSE FROM TWO VERSATILE COLORS

All Style Line frames, grids and hardware are available in matching white or tan. Due to printing limitations, colors shown are approximate.

POSITIVE ACTION LOCK (PAL™)

With its simple operation, the Milgard Positive Action Lock is window hardware you can count on to perform. Made to close and lock the window securely in one action, it eliminates any guessing. If the window is closed, it's locked. Plus, it meets and exceeds the toughest residential forced entry codes in the nation, making your windows beautiful and safe.

Take Style Line™ further.

There are many options available to enhance your Style Line windows beyond their standard configurations.

OBSCURE GLASS

To add privacy where window coverings are impractical or undesirable, we recommend obscure glass. Our obscure glass can be tempered for safety and is available in numerous styles, some of which are shown here.

Energy saving options that make a noticeable difference.

All Style Line windows and patio doors come standard with Milgard's exclusive SunCoat® Low-E insulating glass. With an affordable upgrade to Milgard's 3D MAX™ energy package, your windows will deliver the highest performance available from Milgard. To achieve the three dimensions of energy efficiency, engineers start with the highest quality vinyl, integrate the design of the window to reduce

thermal transfer and then glaze the window with the best glass and warm edge spacer technology. For complete details of our window design, Milgard's energy packages, including our SunCoat family of glass and EdgeGard™ family of spacer technology, visit milgard.com or speak with your Milgard sales representative.
